

Catch Basin Filter

For NDS catch basins

Prevent Dirt and Debris
from clogging your drainage system

Durable, Innovative
Filter design

Removable & Cleanable

Two Sizes
available for 9" and 12" NDS basins

**STOPS
CLOGS**
& KEEPS YOUR
DRAINAGE
SYSTEM CLEAR

Design Features

Filter is designed for superior durability, filtration & strength

- Made from spun-bond polypropylene geotextile fabric
- Inert to biological degradation and resistant to naturally encountered chemicals, alkalis and acids

Meets international testing standards:

- ASTM D 4533: Durable up to 40 lbs. of weight
- ASTM D 4355: UV-resistant 70% at 500 hours
- ASTM D 4491: Filtration rates of water flow rate of 95 gpm

Helps comply with stormwater regulations.

Easy maintenance – Inspect every 6 months & clean/replace as needed.

Filter Fabric Keeps Fines From Clogging Pipe

Clogged pipes reduce the effectiveness of drainage systems resulting in standing water and damage to property.

Adding a filter is a simple solution to keep water flowing through a drainage system and a cost-effective alternative to expensive repair or replacement.

Pipe clogged with debris

Clear, unclogged pipe

Model No.	Description	Compatible With These Basins
900FF	9" Catch Basin Filter	900, 900-4 and 916 NDS catch basins and kits
1200FF	12" Catch Basin Filter	1200, 1200NGB, 1203, 1204, 1216, 1217, 1225 NDS catch basins & kits
